 Half-lid feature on hinge

Magnifica

Crafted in Italy under the prestigious Salvatore Ferragamo furniture designer's license, the Magnifica is a masterpiece created by EUROPAG, where haute design meets eternal reverence.

This extraordinary casket is adorned with over 5,000 individually hand-cut inlays, meticulously created by renowned art expert Mario Moriggi. These intricate details are set upon a rare Makassar ebony base from the Antilles a material reserved for the world's most refined and exclusive furniture pieces.

The exterior is enriched with an elegant Iris motif, a flower featured in heraldry and revered as a symbol of peace, adding profound meaning to its beauty. At its centre, a striking diamond detail fashioned from Burmese mother-of-pearl captures light with subtle brilliance, while all metallic elements are finished in 24-carat gold plating, offering a quiet yet unmistakable opulence.

Inside, the Magnifica is lined with sumptuous hand-sewn Alcantara leather, providing a soft, dignified interior crafted with the utmost care.

The Magnifica is more than a casket it is a timeless work of art, enveloping the concept of eternity in unparalleled craftsmanship, symbolism, and grace. A final resting place created for those whose life deserves to be honoured with beauty beyond time.
